To work in high-grown organization with a competitive and challenging environment that creates an ideal condition for delivering high quality services.

SKILLS

Technical skills	C,Java,Pathon,Web programming (HTML, javascript), Automation anywhere, Service now
Additional Skills	Collaborative

PROJECTS

Project Name: SECURE LOGIN With GOOGLE API

Team Size: 1

Project Detail	Across all of your online accounts, signing in is the front door to your personal information. It's also the primary entry point for risks, making it important to protect. We make signing in to Google and all your apps and services secure by default. With built-in tools and automatic protections, such as alerts when your Google Account is being accessed from a new device, we make it quick and simple to sign in safely.
